- Delegating the County Executive or the Chief Financial Officer authority to award the bonds to the best bidder.
- Approving the form of the notices of sale and the Official Statement.

- Authorizing the Chairman to sign the Official Statement.

The winning bid must offer the lowest true interest cost, and the true interest cost rate must not exceed 5.25 percent per annum.

Supervisor Bulova seconded the motion.

Following discussion, with input from Edward L. Long, Jr., Chief Financial Officer, the question was called on the motion and it carried by unanimous vote, Supervisor Bulova, Supervisor Connolly, Supervisor Frey, Supervisor Gross, Supervisor Hudgins, Supervisor Hyland, Supervisor Kauffman, Supervisor McConnell, Supervisor Mendelsohn, and Chairman Hanley voting "AYE."

ADDITIONAL BOARD MATTERS

30. **SATELLITE SCHOOLS** (Tape 4)

Chairman Hanley said that across the country several jurisdictions are meeting increased school space requirements, particularly for grades K-3, with public private partnerships called satellite schools. She said the idea for satellite schools

originated in Dade County, Florida, in the 1980s. It was developed in response to overcrowding. In that public private partnership, businesses provided the classroom space and related operational services and the school system provided teachers, instructional materials, and related educational program services.

With reference to her written Board Matter, she noted a copy of legislation passed in the 2002 session of the General Assembly to provide incentives for such programs.

Chairman Hanley said the County continues to look for innovative ways to provide classroom space. The proposed South County High School at Laurel Hill is an exciting example of an innovative public private partnership. However, finding additional space for kindergarten and primary grade students is also important, particularly with the new federal No Child Left Behind requirements.

Therefore, Chairman Hanley relinquished the Chair to Vice-Chairman Hyland and moved that the Board direct staff to invite the School Board to join in directing the County Executive and the Superintendent of Schools to work to develop a framework for creating satellite schools in the County, and have them report to both Boards with a proposal. Supervisor Kauffman seconded the motion.

Following discussion, the question was called on the motion and it carried by unanimous vote.

31. **SUICIDE PREVENTION WEEK** (Tape 4)

Chairman Hanley stated that CrisisLink, a comprehensive suicide and crisis prevention organization, has requested that the County recognize the national observance of Suicide Prevention Week. Accordingly, she moved that the Board direct staff to invite the appropriate representatives to appear before the Board at the May 5, 2003, meeting to receive a proclamation declaring May 4 - 10, 2003, as "*Suicide Prevention Week*" in Fairfax County. Supervisor Mendelsohn seconded the motion and it carried by unanimous vote.

32. **PROJECT DISCOVERY DAY** (Tape 4)

Chairman Hanley stated that Project Discovery, a dropout prevention and college access preparatory program, will honor outstanding graduating seniors throughout Virginia who have completed the program. The recognition banquet for the Statewide recipients will be held in Herndon on May 22, 2003.

Therefore, Chairman Hanley moved that the Board direct staff to prepare and send a proclamation declaring May 22, 2003, as "*Project Discovery Day*" in Fairfax County. Supervisor Connolly seconded the motion and it carried by unanimous vote.

33. **CONTRIBUTIONS TO PARK FOUNDATION, LIBRARY FOUNDATION, AND THE SCHOOL FOUNDATION** (Tape 4)

Chairman Hanley said that at its February 10, 2003, meeting the Board requested that information be inserted in a Department of Taxation mailing to provide citizens with information on how to contribute to the Park Foundation, the Library Foundation, and the School Foundation. As a follow up to the recent mailings, she asked unanimous consent that the Board direct staff to provide a report of the responses generated for each of the foundations, as well as information on current contributions to the open space acquisition fund. Without objection, it was so ordered.

34. **SNOW REMOVAL ORDINANCE** (Tape 4)

(BACs) Chairman Hanley said she received a letter from the Non-Motorized Transportation (Trails) Committee requesting that the County look into adopting a Snow Removal Ordinance. Although the creation of such an ordinance has been examined by the County in the past, the Trails Committee has made several recommendations that may merit another look at its feasibility. Additionally, this winter's harsh weather showed that while the County has made great progress in snow removal since the "Blizzard of '96" there are several areas of snow removal that can be improved, particularly related to pedestrian facilities and snow removal.

Therefore, Chairman Hanley asked unanimous consent that the Board direct staff to review the Trail's Committee's recommendations, particularly the recommendation for County maintenance staff to clear snow from sidewalks along the perimeter of the property, and provide the Board with its findings. Without objection, it was so ordered.

Following discussion, Supervisor Connolly asked unanimous consent that the schools be included in the survey. Without objection, the request was so ordered.

35. **TRAILS** (Tape 4)

Chairman Hanley stated that in certain development cases the County grants a trail waiver for a project in lieu of having the developer construct the sidewalk or trail that is called for as part of the comprehensive plan. When trail waivers are granted, money equivalent to the estimated cost of constructing the sidewalk or trail segment is put into escrow for future construction. In some cases, however, due to inflation or other cost considerations, the amount escrowed for trail construction does not fully cover the cost of construction by the time it is feasible to construct the sidewalk or trail segment.

Therefore, Chairman Hanley moved that the Board direct staff to investigate and provide the following:

- The number of trail waivers granted as part of rezoning or other development applications.
- The percentage of cases in which trail waivers are granted.
- The process by which cost estimates are developed for escrowed funds.

Supervisor Hudgins seconded the motion.

In reference to bullet number three, Supervisor Hudgins asked to amend the motion to direct staff to include an evaluation as to whether telecommunication facilities are there. This was accepted.

Supervisor Frey asked to amend the motion to direct staff to provide a report regarding whether proffered trail money can be put into an escrowed fund so that if that particular trail is not built it can be used for another trail. This was accepted.

With reference to bullet number one, Chairman Hanley clarified that her motion includes direction for staff to provide:

- The criteria being used for granting waivers.
- The number of trail "**and sidewalk**" waivers...

Chairman Hanley clarified that the timeframe for the data requested in her main motion should be from 1985 to present.

Following discussion, with input from Anthony H. Griffin, County Executive, Supervisor Connolly asked unanimous consent that the Board direct staff to provide information regarding whether there are recommendations for legislative relief that might allow the County to tap into disparate funds.

Supervisor Mendelsohn asked unanimous consent that the Board direct staff to provide the following:

- What are the methods for tapping into disparate funds? (legislative change, tracking down the owners, etcetera)

Following further discussion, the question was called on the motion, as amended, and it carried by unanimous vote.

Vice-Chairman Hyland returned the gavel to Chairman Hanley.

36. **PROFFERED CONDITION AMENDMENT/FINAL DEVELOPMENT PLAN AMENDMENT APPLICATION PCA/FDPA 2000-SU-050 (SPRINGFIELD DISTRICT)** (Tape 4)

Supervisor McConnell stated that The Ryland Group has filed a subdivision plan pursuant to a rezoning application for a single-family detached development. The subdivision shifted an inter-parcel access public road connection and determined it needs to be the subject of a proffered condition amendment and final development plan amendment application to be in conformance with the proffers.

Because the County owns the underlying fee for the road providing the inter-parcel connection to be vacated and/or abandoned, the Board must concur in the filing of Proffered Condition Amendment/Final Development Plan Amendment Application PCA/FDPA 2000-SU-050. The applicant understands this motion will not prejudice the consideration of the application in any way.

Therefore, Supervisor McConnell moved that the Board concur in the filing of Proffered Condition Amendment/Final Development Plan Amendment Application PCA/FDPA 2000-SU-050. Supervisor Connolly seconded the motion and it carried by a vote of nine, Supervisor Mendelsohn being out of the room.

37. **SPECIAL EXCEPTION APPLICATION SE 2002-SP-048 (SPRINGFIELD DISTRICT)** (Tape 4)

Supervisor McConnell said that 11725 Lee Highway LLC has submitted Special Exception Application SE 2002-SP-048. She said the application is for a child care center and it has the support of the Springfield District Land Use Committee; however, it was necessary to defer the application due to the unresolved issue of inter-parcel access with the application property's surrounding neighbors. The applicant has agreed to provide connections necessary for inter-parcel access; however, the location and configuration of those access points are contingent upon resolution between the two neighboring properties, each residential developments approved by the Board.

Supervisor McConnell moved that the Board direct staff to schedule a public hearing to be held before the Board on June 16, 2003, for Special Exception Application SE 2002-SP-048. Supervisor Connolly seconded the motion and it carried by unanimous vote.

This motion does not relieve 11725 Lee Highway LLC of its obligation to comply with the requirements of the Zoning Ordinance and other regulations not

expressly waived by the Board or staff. Moreover, in no way does this motion prejudice staff, the Planning Commission, or the Board's reviews of the applications.

38. **CONSTRUCTION ACCESS TO WEST FALLS CHURCH METRORAIL STATION (DRANESVILLE DISTRICT)** (Tape 5)

Supervisor Mendelsohn reminded the Board that Metro will be constructing a parking structure on the south side surface lot at the West Falls Church Metrorail Station. A major community concern is construction truck traffic to and from the site and the impact of that traffic on surrounding neighborhoods. In response to this concern, Metro is requesting permission from the Virginia Department of Transportation (VDOT) for construction trucks to use the I-66 eastbound entrance ramp from Route 7 eastbound to the point of entry to the Metro site access road.

Accordingly, Supervisor Mendelsohn moved that the Board support Metro's request and direct the Chairman to send a letter to Commissioner Shucet requesting VDOT's favorable action on this request. Supervisor Kauffman seconded the motion.

Following a brief discussion regarding the urgency of this request, the question was called on the motion, which carried by unanimous vote.

39. **GREAT FALLS ELEMENTARY SCHOOL CELEBRATES ITS FIFTIETH ANNIVERSARY (DRANESVILLE DISTRICT) AND 9 A.M. START FOR MAY 5, 2003, BOARD MEETING** (Tape 5)

Supervisor Mendelsohn announced that the Great Falls Elementary School will be commemorating its fiftieth anniversary with a week of celebration from May 4-12, 2003. Originally named the Forestville School, the facility was built in 1953 to meet the needs of a growing community.

After noting the myriad of celebratory events, Supervisor Mendelsohn invited Board Members to participate in the festivities and he expressed appreciation to the Great Falls Elementary School staff, PTA, and citizens for making a difference in the community.

In recognition of the event, Supervisor Mendelsohn moved that the Board direct staff to invite representatives of the Great Falls Elementary School administration and PTA to appear before the Board on May 5, 2003, to congratulate the school on the occasion of its fiftieth anniversary. Supervisor Connolly seconded the motion.

Following discussion, with input from Merni Fitzgerald, Director, Office of Public Affairs, Chairman Hanley announced that the meeting of May 5 will begin at 9 a.m.

The question was called on the motion, which carried by unanimous vote.

40. **INSPECTOR GENERAL** (Tape 5)

Supervisor Connolly called the Board's attention to copies of his correspondence with the County Executive regarding the powers of an inspector general and how they would differ from those of the Board's Financial and Program Auditor. He noted that the Police Department conducts criminal investigations.

41. **LIAISON TO FALLS CHURCH WATER AUTHORITY** (Tape 5)

Supervisor Connolly said that it had been called to his attention that the Fairfax County Water Authority (FCWA) allows for liaisons from other jurisdictions, in which water service is provided, to sit as non-voting members on the FCWA Board of Directors. The liaisons are intended to serve as consumer advocates. He said that he was surprised to learn that the County does not have such a representative to represent 110,000 County consumers with the Falls Church Water Department.

Therefore, Supervisor Connolly moved that the Board direct the County Executive to take the necessary steps to name a Fairfax County liaison to represent County interests with respect to the Falls Church Water Authority Department. Supervisor Gross seconded the motion.

Supervisor Connolly also referenced copies of a letter from the County Executive to the Falls Church City Manager dated April 4, 2003, regarding proposed City of Falls Church water rates and discussion ensued with input from Anthony H. Griffin, County Executive.

Supervisor Connolly expressed appreciation to the Mayor and Members of the Falls Church City Council for considering the Board's concerns regarding a differential rate.

Supervisor Frey asked unanimous consent that the Board direct staff to provide details of the role of the FCWA non-voting liaison. Without objection, it was so ordered.

Following discussion, with input from Mr. Griffin, Supervisor Mendelsohn asked to amend the motion to request the City of Falls Church to notify the Board as well as all rate payers of public hearings on proposed rate changes, and this was accepted.

Following further discussion, with input from Mr. Griffin, Chairman Hanley relinquished the Chair to Vice-Chairman Hyland and asked unanimous consent that the Board direct staff to provide the requirements facing those systems served by the Washington Aqueduct and the associated long term costs. Following input from Mr. Griffin, without objection, it was so ordered.

Vice-Chairman Hyland returned the gavel to Chairman Hanley.

Following further discussion, the question was called on the motion, as amended, and it carried by unanimous vote.

42. **INFORMATION DISSEMINATION NEEDED** (Tape 5)

Supervisor Connolly said that a homeowner association in the Providence District informed him of an error in the tax records. According to the constituent, the association received a Health Department notice of violation addressed to a past association president. That past president had not lived in the association or been an association president for nearly 20 years. According to the Health Department, the information was obtained from the Department of Tax Administration records of ownership of common property. Supervisor Connolly stated that he also learned that there is no current mechanism for the Office of Public Affairs to share its information on associations for the update of tax records. He expressed concern that the information that should be available to the different County agencies is not being shared.

Therefore, Supervisor Connolly moved that the Board direct the County Executive to direct the Office of Public Affairs to survey all County agencies to determine which agencies need updated homeowner or civic association information for the conduct of County business, and that it be provided. Chairman Hanley seconded the motion.

Chairman Hanley relinquished the Chair to Vice-Chairman Hyland and asked to amend the motion to request the district Supervisors to share their updates with the Office of Public Affairs, and this was accepted.

Vice-Chairman Hyland returned the gavel to Chairman Hanley.

Discussion ensued, with input Merni Fitzgerald, Director, Office of Public Affairs.

Supervisor Kauffman asked to amend the motion to direct staff to provide a contact name for homeowners associations when providing notifications of builders satisfying their bonds, and this was accepted.

Following further discussion, the question was called on the motion, and it carried by unanimous vote.

43. **2003 TEACHER OF THE YEAR (PROVIDENCE DISTRICT)** (Tape 5)

Supervisor Connolly announced that Ms. Inge Pisano, who teaches French and German at Oakton High School, has been named Fairfax County Public Schools Teacher of the Year.

Therefore, Supervisor Connolly asked unanimous consent that the Board direct staff to invite Ms. Pisano to appear before the Board to be honored for this achievement. Without objection, it was so ordered.

44. **REQUEST THAT THE VIRGINIA DEPARTMENT OF TRANSPORTATION (VDOT) CONSIDER ACCEPTING MAINTENANCE RESPONSIBILITY FOR FIRE STATION WARNING SIGNALS** (Tape 5)

Supervisor Connolly stated that he learned from his experience with Fire Station 30 that some of emergency traffic signals at all fire stations across the County are not maintained by VDOT. Currently the County, through the purchasing section of the Department of Fire and Rescue, pays a contractor to install and maintain these signals. This has proven to be problematic when maintenance or adjustments to the signals are required. He said that the signal located at Merrifield Fire Station 30 on Lee Highway in Merrifield has functioned incorrectly for some time because the contractor, who apparently has limited experience with these signals, has been unable to properly position the adjustable lenses. In addition, the control cabinet was vandalized with graffiti and it has taken a considerable amount of time for the contractor to remove it.

Supervisor Connolly said that VDOT has a team of dedicated signal maintenance engineers who have the capability and expertise to service and maintain these signals. In fact, VDOT has agreed to help the contractor properly adjust the signal in front of Station 30.

Because it may be more effective and efficient for VDOT to maintain these signals once the County installs them, Supervisor Connolly moved that the Board direct the County Executive:

- Along with appropriate staff from the Department of Transportation and the Department of Fire and Rescue to contact VDOT about accepting maintenance responsibility for these signals.

- To identify how much money could be saved by transferring maintenance responsibility of these signals to VDOT.

Chairman Hanley seconded the motion and it carried by unanimous vote.

Discussion continued briefly.

45. **NO BOARD MATTERS FOR BRADDOCK DISTRICT SUPERVISOR SHARON BULOVA** (Tape 5)

Supervisor Bulova announced that she had no Board Matters to present today.

46. **DIRECTIONAL SIGNS FOR SOUTH LAKES HIGH SCHOOL (HUNTER MILL DISTRICT)** (Tape 5)

Supervisor Hudgins stated that the South Lakes High School PTA approached the Virginia Department of Transportation (VDOT) requesting the installation of directional signs to the high school. In particular, the PTA would like for the signs to mention that South Lakes High School is home to the Seahawks.

Supervisor Hudgins stated that VDOT staff indicated that the locations the PTA is requesting, South Lakes Drive at Reston Parkway and Sunrise Valley Drive, are not appropriate and VDOT staff does not deem the sign appropriate at all. VDOT, however, does provide directional signs along roadways and provides signs to high schools.

Accordingly, Supervisor Hudgins asked unanimous consent that the Board direct staff to work with VDOT staff to address this issue.

Following discussion, without objection, the request was so ordered.

47. **MENTAL HEALTH AWARENESS MONTH** (Tape 5)

Supervisor Hudgins said that the Northwest Center for Community Mental Health seeks to promote individual and community well-being by reducing mental illness, emotional disturbance, and acute emotional distress and she described its services and goals. It is just one example of an organization working to meet the mental health needs of adults and children.

Accordingly, Supervisor Hudgins moved that the Board direct staff to invite representatives of Northwest Center for Community Mental Health to appear before the Board on May 5, 2003, to receive a proclamation declaring the month of May as "*Mental Health Awareness Month*" in Fairfax County. Supervisor Bulova seconded the motion, which carried by unanimous vote.

48. **ENTERPRISE RENT-A-CAR (SULLY DISTRICT)** (Tape 6)

Supervisor Frey said that Enterprise Rent-A-Car has filed a special exception request to establish a vehicle rental establishment in Chantilly, near the Dulles Expo Center. The acceptance of the application was delayed for unforeseen reasons, and, as a result of the market, Enterprise has been paying rent on the facility since the signing of the lease. The Planning Commission hearing has been scheduled for July 9, 2003. The applicant has requested that the Board authorize a date certain for the Board public hearing on the special exception.

Therefore, Supervisor Frey moved the Board authorize the advertisement of a public hearing to be held before the Board on July 21, 2003. The applicants understand that this motion does not relieve them of any obligation, ordinance or standards, and will not prejudice the consideration of the application in any way. Supervisor Bulova seconded the motion and it carried by unanimous vote.

49. **OMR, LLC - REZONING APPLICATION RZ 2002-SU-039 (SULLY DISTRICT)** (Tape 6)

Supervisor Frey said that OMR, LLC has filed a rezoning application that is identified as Rezoning Application RZ 2002-SU-039. The applicant has prepared numerous revisions to its development plan to address issues identified by the Planning staff and the surrounding community. As a result, the Planning Commission public hearing was deferred. It is anticipated that the application will receive a favorable recommendation from staff and from the Western Fairfax County Citizens Association. The applicant has requested concurrent processing to allow for the submission of engineered drawings prior to a final determination on the application by the Board. This will allow the developer to proceed to construction as quickly as possible.

Therefore, Supervisor Frey moved that the Board authorize concurrent processing of the zoning and subdivision plans for Rezoning Application RZ 2002-SU-039. The applicants understand that this motion does not relieve them of any obligation, ordinance or standards, and will not prejudice the consideration of the application in any way. Supervisor Connolly seconded the motion and it carried by unanimous vote.

50. **BOY SCOUT TROOP 893 – FLEA MARKET** (Tape 6)

Supervisor Frey announced that Boy Scout Troop 893 held its annual flea market recently. He noted that previously the Board waived the landfill fees.

Therefore, Supervisor Frey moved that the Board waive any landfill fees for Boy Scout Troop 893. Supervisor Bulova seconded the motion and it carried by unanimous vote.

51. **NEW SULLY DISTRICT OFFICE** (Tape 6)

Supervisor Frey announced that his office has been relocated to the new Sully District Governmental Center. The new location and mailing address is 4900 Stonecroft Boulevard, Chantilly, Virginia, 20151. The main telephone, TTY, and fax numbers for Supervisor Frey's office changed on April 23. To reach the new office, call 703-814-7100, TTY 703-814-7109, or fax 703-814-7110.

Supervisor Frey said that the official building dedication will be held on June 14, 2003.

A brief discussion ensued.

52. **INTENT TO DEFER THE PUBLIC HEARING ON SPECIAL EXCEPTION APPLICATION SE 2002-MA-013 (MASON DISTRICT)** (Tape 6)

Supervisor Gross announced that later in the meeting, at the appropriate time, the public hearing on Special Exception Application SE 2002-MA-013 will be deferred.

(NOTE: Later in the meeting the public hearing was formally deferred. See Clerk's Summary Item CL#98.)

53. **PUBLIC SERVICE WEEK** (Tape 6)

Supervisor Gross said that Public Service Week will be celebrated this year during the week of May 5. Since 1985, time has been set aside each year to honor the men and women who serve America as federal, state, and local government employees. It is appropriate to pause and reflect about the many ways which government serves the people and how government services make life better for everyone.

To acknowledge and celebrate the efforts and contributions of all County government employees, Supervisor Gross moved that a proclamation be prepared to declare the week of May 5, 2003, as "*Public Service Recognition Week*" in Fairfax County, and that the appropriate County representatives be invited to appear before the Board to receive the proclamation on May 5. Supervisor Bulova seconded the motion and it carried by unanimous vote.

54. **GEORGE MASON REGIONAL LIBRARY (MASON DISTRICT)** (Tape 6)

Jointly with Supervisor Bulova, Supervisor Gross said that a community celebration is scheduled for Saturday, May 17, 2003, to celebrate the fifth anniversary of the re-opening of the George Mason Regional Library. She added that major renovations were accomplished ahead of schedule and under budget, and several community organizations are sponsoring the celebration.

Supervisor Gross noted that under regular Library Board policy, vendor sales are not permitted on library property, including the parking lot. Organizers have no way to feed the hundreds of people who will attend the Annandale celebration without assistance from the Library Board.

Therefore, Supervisor Gross moved that the Board direct the Library Board to waive the policy regarding vendor sales on library property for May 17, 2003, at that location so that the Annandale celebration can proceed. Supervisor Connolly seconded the motion and it carried by unanimous vote.

55. **STROKE AWARENESS DAY** (Tape 6)

Supervisor Gross said that stroke is the leading cause of disability and the third leading cause of death in Northern Virginia. The American Heart Association and Inova Health Systems, through the Operation Stroke campaign, is working to increase awareness of stroke warning signs, and will sponsor "*Stroke Awareness Day*" in Fairfax County on May 17.

To support Stroke Awareness Day and increase the understanding of stroke's warning signs, Supervisor Gross moved that the Board direct staff to invite the organizers of the event to receive a proclamation at the Board meeting scheduled for May 5. Supervisor Connolly seconded the motion and it carried by unanimous vote.

56. **CLEAN WATER PARTNERSHIP** (Tape 6)

Supervisor Gross said that the County received designation as a clean water partner from the Environmental Protection Agency.

Therefore, Supervisor Gross asked unanimous consent that the Board direct staff to invite the appropriate individuals to appear before the Board to be recognized for the Clean Water Partnership. Without objection, it was so ordered.

A brief discussion ensued.

57. **BUDGET CONSIDERATION ITEM - HYBLA VALLEY ELEMENTARY SCHOOL (LEE DISTRICT)** (Tape 6)

Supervisor Kauffman said that Hybla Valley Elementary's children are facing an uphill battle that has captured his attention and the focused efforts of the Department of Systems Management for Human Services, the Office of Partnerships, and Win-Win Strategies, a private contributor.

Supervisor Kauffman noted that income challenges at Hybla Valley are significant with greater than 90 percent of the children participating in the free and reduced lunch program. There is no "majority" with 92 percent of the student's being non-white and nearly 40 percent receiving ESOL instruction. The school did receive a Gold Medal Award for progress in SOL's the year before last but is not yet fully accredited and is losing ground with a 26 to 28 percent transient population.

Supervisor Kauffman said that beyond this snapshot, the larger concern is long-term and additive. Sandburg Middle School usually receives its largest number of rising seventh graders from Hybla Valley. It has been noted that academic challenges for these students are significantly greater than for Sandburg's other "feeder" schools with over 60 percent of the students coming from Hybla Valley not reading at grade level.

Supervisor Kauffman said that School and County staff have identified Hybla Valley as their priority site for locating a Computer Learning Center (CLC). In addition to responding to the school's core challenges, it is ideally located for access by the community at large. It could provide the elementary school children with a technology lab; critically needed after-school support; and fill a significant gap in the community for middle and high school students who have limited access to technology and few options within walking distance from their homes.

A CLC was established at Mount Vernon Woods Elementary (a school with similar challenges two years ago) and has demonstrated great success through increased SOL scores and in promoting greater community involvement at the school.

Supervisor Kauffman said that he will be reallocating monies from trail funding in Lee District to fund the lion's share of the construction costs. Senior Fairfax County School staff has committed to the remaining infrastructure and renovation costs. Lori Mody, the Founder of Win-Win strategies Foundation, in concert with Bob Kelly, late of the Public Schools Foundation, has pooled the funding originally committed to fund two new centers to make this one center happen. They are doing this through an ongoing commitment of \$35,000 in operating costs and an additional \$15,500 for the start-up balance. What remains is the

balance of the operating costs which, in this type of public-private partnership, the County provides.

Given the level of financial commitment the Board has been able to obtain from the schools and the private sector, Supervisor Kauffman moved that the Board direct staff to include the needed \$70,000 in staff operating costs as a Consideration Item with the Fiscal Year 2003 Carryover Budget review. Supervisor Hyland seconded the motion.

Following discussion, the question was called on the motion and it carried by unanimous vote.

58. **SPRINGFIELD DAYS** (Tape 6)

Jointly with Supervisor McConnell, Supervisor Kauffman announced that this year will be the fifteenth annual Springfield Days celebration, running from Thursday, May 29 through Sunday, June 1.

Supervisor Kauffman noted that each year the celebration, which is sponsored by the Greater Springfield Chamber of Commerce and Fairfax County Park Authority, grows bigger and better and this year is no exception.

Therefore, Supervisor Kauffman asked unanimous consent that the Board direct staff to:

- Prepare a proclamation declaring May 29 - June 1, 2003, as "*Springfield Days in Fairfax County.*"
- Invite Ms. Darcy Whalen and her Springfield Days committee to the May 5, 2003, Board meeting to be recognized and to receive the proclamation.

Without objection, it was so ordered.

59. **FIFTIETH ANNIVERSARY OF SPRINGFIELD'S TOWER CENTER (LEE DISTRICT)** (Tape 6)

Supervisor Kauffman said that this year marks the fiftieth anniversary of Springfield's Tower Center which was the first shopping center to be built in Lee District. According to the Merchants Association, the center, originally known as the Springfield Shopping Center, broke ground in August 1952 and the first building opened the following year. The center was the original home of Fischers Hardware, a renowned Springfield institution.

Supervisor Kauffman said that the Tower Center is notable for the commitment to community that its merchants association has demonstrated from its earliest days. From 'Abe Lincoln' to 'Santa,' from moon bounces and hot dog stands, the activities designed to attract shoppers to the center have been planned to reflect community values.

The culmination of the Tower Center's fiftieth year will occur during Springfield Days on Saturday, May 31.

Therefore, Supervisor Kauffman asked unanimous consent that the Board direct staff to:

- Prepare a proclamation recognizing the fiftieth anniversary of the Tower Center.
- Invite members of the Tower Center's Merchant Association to appear before the Board at its May 19 Board meeting to be recognized and to receive the proclamation.

Without objection, it was so ordered.

60. **INFORMATION ABOUT SHORELINE BUFFERS** (Tape 6)

Supervisor Hyland said that included in his Board Matters is a copy of a brochure produced by the Annapolis Environmental Commission and the Annapolis Tree Committee entitled *Shoreline Buffers – How to be a Good Waterfront Owner* which was sent to him by the Chairman of the Wetlands Board.

Supervisor Hyland noted that the brochure is a brief, but attractive and enlightening informational piece about tending waterfront property – how to plan a waterfront buffer, what to plant and where to plant it. The piece through the use of illustrations and text clearly demonstrate the Benefits of Shoreline Buffers.

Accordingly, with the intent that this kind of guidance and information can produce proactive results by preserving the County's natural resources, Supervisor Hyland asked unanimous consent that the Board refer this issue to staff for the purpose of obtaining an analysis of:

- The feasibility of the County preparing a similar brochure and mailing it to Mount Vernon and Dranesville District waterfront property owners; or

- Obtaining a sufficient number of these brochures and mailing them to the County's waterfront property owners.

Supervisor Kauffman seconded the motion.

Chairman Hanley relinquished the Chair to Acting-Chairman McConnell and asked to amend the motion to include directing staff to report on the costs, and this was accepted.

The question was called on the motion, as amended, and it carried by unanimous vote.

Acting-Chairman McConnell returned the gavel to Chairman Hanley.

Without objection, it was so ordered.

Chairman Hanley clarified that the request was to direct staff to invite representatives of Girl Power! to appear before the Board on May 5, 2003.

62. **REQUEST THAT THE VIRGINIA DEPARTMENT OF TRANSPORTATION (VDOT) EXTEND THE COMMENT PERIOD FOR THE ROUTE ONE LOCATION STUDY PUBLIC HEARING (MOUNT VERNON DISTRICT)** (Tape 6)

Supervisor Hyland said that on Tuesday, April 29, 2003, between the hours of 5 p.m. and 8 p.m. at Mount Vernon High School, VDOT will be holding its Route One Location Study public hearing for Section "C," the portion of the highway which runs from Belvoir Woods Parkway to the Capital Beltway.

Supervisor Hyland noted that while notification of the public hearing was sent to homeowners and businesses in this area, he noticed that the public comment period ended May 9, a scant ten days. When some citizens asked for the comment forms, they were told that they could not be dispensed until the public hearing on April 29.

Supervisor Hyland said that for a project which is not yet even funded for design and construction, ten days is a short turnaround for commenting on this long range project.

Accordingly, Supervisor Hyland moved that the Board direct staff to prepare a letter for the Chairman's signature requesting that the public comment period for the Route One Location Study Public Hearing for Section "C" be extended to 30 days following April 29. Supervisor Kauffman seconded the motion.

Following discussion, the question was called on the motion and it carried by unanimous vote.

63. **REQUEST FOR AN OUT-OF-TURN PLAN AMENDMENT (MOUNT VERNON DISTRICT)** (Tape 6)

Supervisor Hyland said that the Mount Vernon Citizens' Association requested the Board to consider an out-of-turn plan amendment that would provide an option for a free-standing bank with drive-through windows at the location in front of the Mount Vernon Square Apartments. He added that the present language of the plan was directed at fast-food restaurants and service stations and not at banks.

Accordingly, Supervisor Hyland moved that the Board direct staff to prepare and out-of-turn plan amendment to provide for:

- An option in the text for Sub Unit B-2 which recognizes that the subject property is being developed as a shopping center and provides that a bank with drive-through windows may be appropriate in this location.
- Access to the bank not be from Arlington Drive.

Supervisor Kauffman seconded the motion and it carried by unanimous vote.
