Snow Detour Instructions

Direction on the implementation of all, some, or no snow detours will come from FCDOT depending on weather reports and road conditions.

Passengers will be directed to wait at bus stops along snow detour routes. Operators on snow detour routes must watch for passengers at these bus stops.

Schedules will be off, but operators should keep an eye on when to depart timepoints.

Safety first, schedule second.

Full Route Suspensions

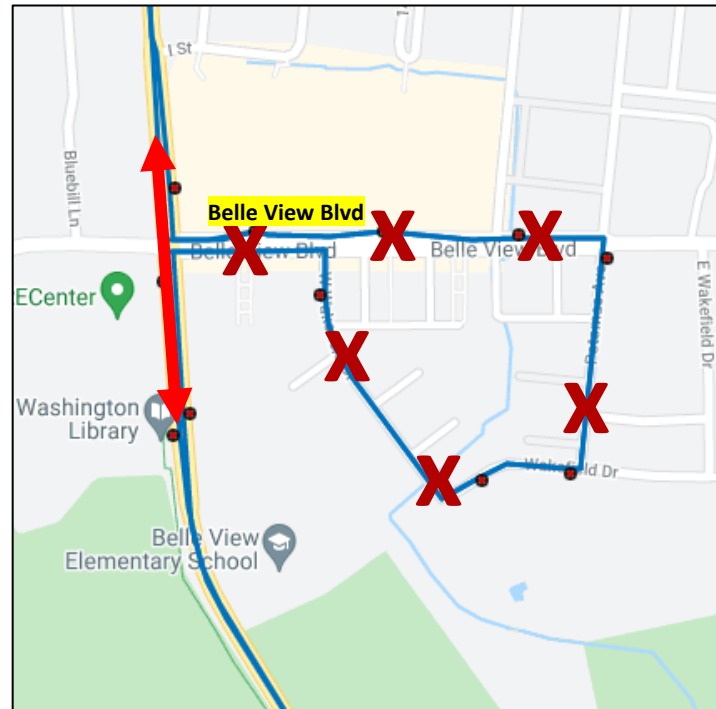

- Upon early road observations, the following routes may not run:
 - 507: if Sunrise Valley Dr, Hunter Mill Rd, and Sunset Hills Rd are not passable, this route will not operate.
 - 715: if conditions advance beyond “light” conditions, this route will not operate.
 - 722: if Langley isn’t plowed or passable, or if the facility is closed, this route will not operate.
 - 724: if Lewinsville Rd, Farm Credit Dr, or Tysons West Park are not passable, this route will not operate.
